B. 52-89/1999.

Dear Mr Greiz,

Thank you for your letter informing me of your ambitious project. I wholeheartedly support the idea of "Together for humanity", especially as the fight against drug abuse comes very high on the list of Interpol's priorities.

I can but encourage you to contact the Interpol National Central Bureau in each country you visit, and I have noted that all but three of these countries are Interpol members.

I regret that for procedural reasons (the submission of your request to the political bodies of the Organization for approval), I cannot give you permission to use the Interpol logo during your mission. However, each NCB is entitled to authorize you to use their own logo, which integrates the ICPO-Interpol logo.

I wish you good luck in your venture.

Yours sincerely,

R.E. Kendall, Q.P.M., M.A.,
