Budapest, 2nd March, 1998

Mr. Peter Greiz, President
Pelikán Sportegyesület
Pf. 203
H-5001 Szolnok

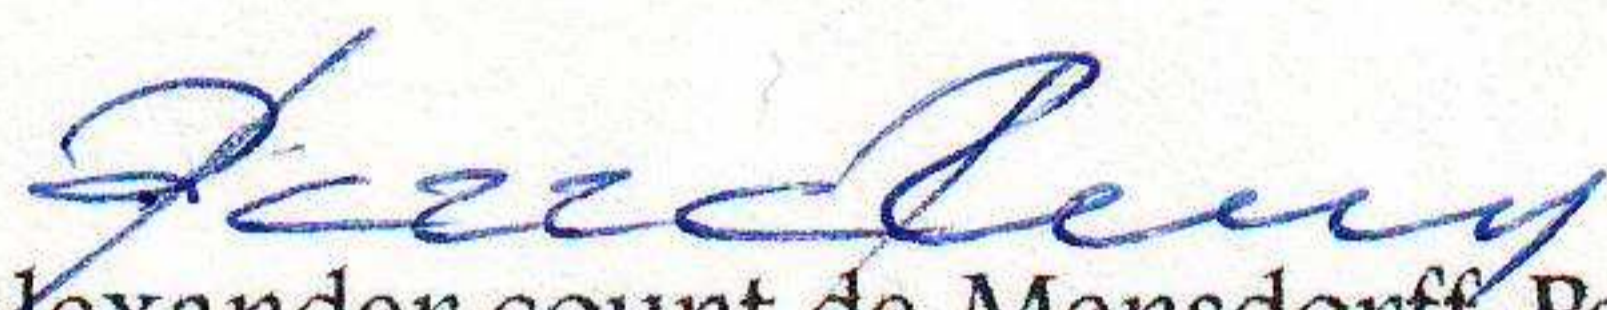

Dear Mr. President,

With reference to previous correspondence and talks held with this Embassy's Minister Counsellor, I wish to express my best consideration and respect to the noble and most impressive initiative of the Pelikán Sport Association in the planning and organizing a bicycle tour of 95,000 km, crossing approximately 100 countries in all Continents. The event's particular importance is - no doubt - the active participation of two physically disabled sportsmen thereto.

I am convinced that such an event may offer a significant contribution to the improvement of brotherly understanding between all humans in christian spirit, to the promotion of a healthier environment in general, thus to the effort of building a better future to humanity.

I feel honoured, dear Mr. President, to satisfy your request in offering my personal patronage, as well as that of this Embassy, to your Project, and wish you and your team the best of success in its implementation.

Very sincerely, yours

h. Alexander count de Mensdorff-Pouilly

Ambassador in Hungary of the Sovereign Military Order of Malta
